

## AFS INTERCULTURAL PROGRAMMES

Since 1982 the Sargood Bequest has provided annual scholarships for individuals to participate in overseas exchange programs. AFS receives applications from regions throughout NZ, then compiles a shortlist and submits profiles of prospective candidates. The majority of candidates who apply are from disadvantaged backgrounds either financially and socially. Each candidate nominates their chosen country for the exchange. There is extensive follow-up during and after the exchange. The Sargood Bequest has been delighted to receive communication at regular intervals from many recipients.

It is a pleasure to be associated with AFS and to provide the opportunity of a lifetime to so many young people.

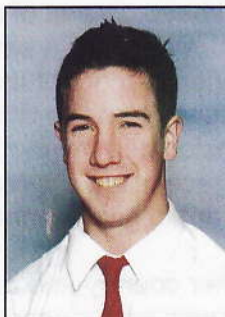

Current Sargood AFS Scholarship Recipients:
