To whom it may concern,

On behalf of Action Education I would like to express our immense gratitude for the funding you deposited on the 14th April 2011. Action Education is concerned with facilitating learning about interpersonal skills in any situation deemed appropriate, and with assisting people in situations such as conflict, distressing relationships, sexual abuse, male and female roles, sexuality, sexism, racism, alcohol and substance abuse, unemployment, and communication issues.

Your support will mean that we are able to continue the work that we are doing, and ensure that we are able to help clients with any problems and with a view to clarifying issues - enabling them to cope more effectively with their life situations.

Once again thank you for your generous support.

Kind Regards,
